

VIBES & VIBES

TONY MICELI – vibes
FLORIAN POSER – vibes
JÖRG SEIDEL – git
GEROLD DONKER - bass

Although it practically never happens that more than one vibes player appears in a groups, in this exceptional formation two well-known representatives of this instrument are making music together.

At **Vibes & Vibes** Florian Poser encounters his friend and mallet colleague Tony Miceli from Philadelphia/USA, who is considered one of »the most groovy vibes players« of the international vibraphonists scene. Miceli played among others with David Liebman, Jimmy Bruno, Ken Peplowski, John Blake, Diane Monroe, John Swana, Joe Magnarelli, Larry McKenna and many more. Beside this he rendered outstanding services to the mallet community by building up the vibraphonists network www.vibesworkshop.com.

Poser and Miceli are accompanied by guitarist Jörg Seidel, with whom Florian Poser recorded the CD "At the Seaside", and by bassist Gerold Donker from Hamburg. The public can look forward to a virtuoso and entertaining event with own compositions and jazz mainstream classics.
